

Dear Principal,

Just a friendly reminder that Galley Studio is available for not only school picture photography at your school – but also sports and event photography.

Yes – school pictures in the fall and spring are very important keepsakes for students and families alike. But just as important are the photos taken of students participating in sports, clubs, social events and other important events over the school year!

Teachers, coaches and parents will step in and take these photos for the students. Galley Studio is simply offering an optional professional photography service that so many families appreciate.

Galley is a family owned business that has been in our area for over 60 years. We'd love the opportunity to tell you more about what we have to offer your students.

Best regards,

Galley Studio
